VARIETY.-There could be no complaint about the weather, yesterday, on the score of sameness at least. During no depth of several inches. The sidewalks ed for new pupils to enter. were little better, making pedestrianism both unsafe and unpleasant. Yet, notwithstanding these disagreeable features, business and election kept things moving pretty lively.

Long Thir.-The steamboat Emperor arrived here yesterday, on route from St. Louis to Pittsburgh. The E. left the first named city last August, and has been all the intervening time and has been all the intervening time in making the journey thus far. We don't know much about the profits of steamboating, but it occurs to us that very little clear cash will be realized from this trip of the Emperor.

MARRIAGE STATISTICS IN WEST ALEX-ANDER.-We had a brief call, yesterday, by our esteemed friend, Esqr. Mayes, of West Alexander. It is known to nearly all our readers that Esqr. M. CHARTER ELECTION.

was unpropitious, notwithstanding, a heavy vote was polled. Those who procss to have pretty correct information esimate the number cast, yesterday, to have been four thousand. In consequence of the great number of candidates, the work of counting the ballots was a tedious one, and it is altogether probable, will not be completed in some of the wards before noon to-day. Hardly enough returns have been received at Market street. this hour (midnight), upon which to base any calculations who are the successful gentlemen. Below we give the result n the Fifth and Seventh Wards, the only ones from which the returns had been received at the City Clerk's office at half-past twelve o'clock this morning.
